

JASON HERRMANN

San Clemente, CA | (949) 633-7194 | jasonaherrmann12@gmail.com | linkedin.com/in/jason-a-herrmann

EDUCATION

UNIVERSITY OF CALIFORNIA AT LOS ANGELES

Los Angeles, CA

Bachelor of Science in Electrical Engineering

September 2022 – June 2026

Relevant Coursework: Numerical Computing; Speech and Image Processing; Digital Signal Processing

HIGH SCHOOL

San Clemente, CA

Memberships: National Honors Society

August 2018 – June 2022

WORK EXPERIENCE

SUNSET CANYON RECREATION CENTER

Los Angeles, CA

Lifeguard

June 2024 – June 2026

SAN CLEMENTE AQUATICS CENTER

San Clemente, CA

Lifeguard

June 2021 – Present

ACTIVITIES

LAMBDA CHI ALPHA FRATERNITY

Los Angeles, CA

Member and Design Chair

September 2023 – June 2026

- Active in risk management; designed merchandise and event flyers using Adobe Photoshop for campus events.

California Public Interest Research Group

Los Angeles, CA

Member

Jan 2026 – June 2026

- Advocate for Californians' health, safety and wellbeing. Assisted with flyering, phone banking and event planning for campus campaigns.

UNIVERSITY PROJECTS

Visual Speech Recognition on Embedded Microcontroller

Jan – Mar 2026

- Designed and implemented a lightweight Visual Speech Recognition (lip-reading) system using low-resolution grayscale mouth-movement sequences, applying CNN-based spatiotemporal feature extraction.
- Optimized and deployed the model on an STM32H7 embedded microcontroller using quantization and model compression.

Audio Signal Filter and Feature Extraction

Nov 2025

- Developed a speech-command classification pipeline using Python to preprocess audio and extract features (MFCC, LPC, spectral methods), training an XGBoost model on clean, white-noise, and pink-noise datasets.
- Analyzed the impact of noise and feature selection on model performance, comparing preprocessing techniques and feature representations to quantify accuracy and robustness under varying conditions.

ADDITIONAL

Technical Skills: STM32, Logisim Evolution, LTSpice, Adobe Photoshop

Programming Languages: MATLAB, Python, C++, JavaScript

Certifications: Pediatric and Adult CPR, First Aid
